New Self-adhesive patch tape

New self-adhesive patch tape from Channel Matrix has been designed for use on a patch up sheet or directly onto the back of the die behind the cutting rule, to increase the pressure where required to achieve good cutting across the whole die.
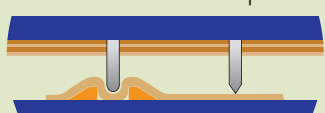

The adhesive used on this tape has been specially formulated to ensure that it is easy to unroll from the reel, yet it will stick well to the patch up sheet, even when this is removed from the machine and rolled up. The patch tape can also be layered; stuck on top of itself.
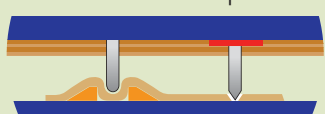

Without Patch Tape

With Patch Tape

Available in **three thicknesses**

Colour Code		Microns	Width	Reel size
Black		40	3mm 6mm	33m
Red		60	3mm 6mm	33m
Yellow		80	3mm 6mm	25m

TOOLS & ACCESSORIES

Tools and Ancilliary Products

Trimplex

Manufactured under a quality system certified as complying with ISO 9001 by an accredited certification body.

12/09
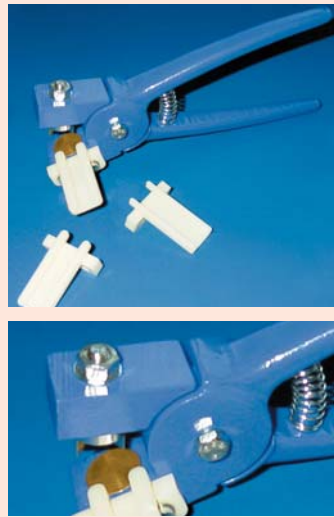

### Metal Mitring Pliers

- Cuts 45° mitred angles
- Fits all matrix base widths
- Plastic handle pliers also available

Spare blade included

Trimplex Pliers

- Cuts 45º mitred angles
- Fits all matrix base widths

Spare blade included

Countamat

- High quality durable counter material
- Developed by Channel for clean routing yet long run durability
- 1070 x 1040 sheet

With or without backing adhesive

Thickness	
0.4mm	0.8mm
0.45mm	0.85mm
0.5mm	0.9mm
0.55mm	1.0mm
0.6mm	1.2mm
0.65mm	1.4mm
0.7mm	1.6mm
0.75mm	

Tripplex Patch Sheet

- Calibrated for accuracy
- Moisture resistant
- Roll size 1200mm x 50m
- Sheet thickness 160 microns ± 15 microns

Totally no tear

CF-100

- Cyanoacrylate adhesive for rotary dies
- Instant dry
- 50g bottles

Quick drying

ER-1500

- Cyanoacrylate adhesive for flat bed dies
- 5 second dry time to position rubber
- 50g bottles

Counter Locating Pins

- For location of counters

Shim Tape

- Steel strip for durability; will not compress

Board Thickness		Roll Size
Microns	**(0.001")**	
25	.001"	10, 20 & 30 m
50	.002"	10, 20 & 30 m
75	.003"	10, 20 & 30 m
125	.005"	10, 20 & 30 m
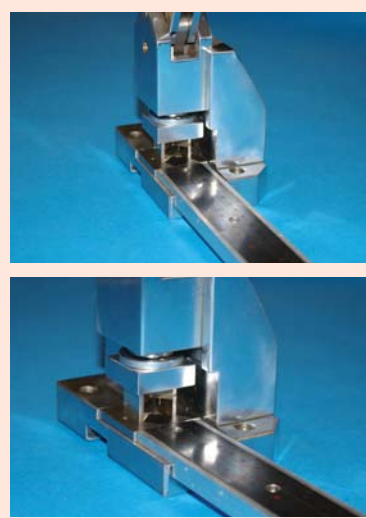

Supercut III Matrix Cutter

45º & 60º

- Mitres both ends with one cut
- Suits all widths of matrix and centres automatically
- Punch type cutting tool
- Waste ejects below machine

Ejector Rings

- Ejector for the pertinax locating pin
